It had the option of none and questioned the candidate what they saw when registering for this exam. They stated "there was a blank option or signed score report". I checked the Matrix and was confused by the grey colored area, meaning needing the endorsement, score report or certificate of completion.This exam specifically had the term 'signed score report' for the FIA, which indicates an upload was needed. Candidate did not have a score report. Called PSI/FAA and spoke with Shawn and he confirmed candidate can move forward with their exam. I was still concerned for the candidate and uploaded their endorsement for preventive measures.

Then email site.management@psionline.com to inform them of the document's location. ,I had uploaded a copy of the endorsement at check-in, I had to print the endorsement from my email account so it may then be uploaded to Talogy. Please, again as mentioned before, assure the candidate has a paper form endorsement when taking a written exam prior to arrival. This takes time and resources on our part. I will be creating an IR every time someone does not have endorsement in paper form. I have made this request to often.
